## Speed Limit Reduction Approved

**SAN BERNARDINO** – A concerned resident prompted a speed limit reduction on Hemlock Avenue in Fontana that was approved Tuesday by the San Bernardino County Board of Supervisors.

The resident contacted the Department of Public Works and expressed concerns about drivers speeding on Hemlock Avenue between Valley Boulevard and San Bernardino Avenue. County Traffic Division officials investigated and determined the speed limit on the residential road should be lowered to 40 mph. The road currently has no speed limit signs, which means motorists can legally drive up to 55 mph.

“Our residents are a tremendous resource for us when it comes to improving safety on County roads because they see potential hazards and dangers daily,” said Board of Supervisors Chairman Paul Biane, who represents unincorporated Fontana as the County’s Second District Supervisor.

It will cost about \$1,000 for the Department of Public Works to install 40 mph speed limit signs on Hemlock Avenue.
